

NOTICE

Dear Parents / Guardian,

TCCS is ready to give away a jolly and exciting experience to our students for the new session 2020-2021. In order to keep students engaged with academics during the lockdown period, the school is going to start online classes for which the ZOOM app is to be downloaded from the playstore.

Get ready for the digital classroom teaching-learning during pre and post covid-19 era. Please ensure that you have a supported laptop / i-pad / smart android mobile phone with working headphones / earphones. We would recommend you to test your device and network in advance.

The related time-table for online classes will be shared with you via What's app groups.

Let's hope for the best and support each other.

Take care and Stay healthy.

Regards

TCCS
